

Twice as much for you.

Dale Hardware

You might want to invest in a good pair of walking shoes. Dale Hardware will more than double in size with the construction of 23,000 sq. ft. additional sales floor, a new 22,000 sq. ft. drive-thru indoor lumber facility, and a new 15,000 sq. ft. greenhouse garden center.

Not only will there be more of the great products and services you have come to rely on at Dale Hardware, but we'll also be adding whole new product lines for the busy professional, a larger selection of builder's hardware, commercial restroom supplies, more tub/shower units, plants, and a whole lot more. And, oh yeah, we'll have our own café where you can grab a sandwich or quick cup of coffee on the way to the job site. So with an expanded line of great products combined with our legendary Dale Hardware service, well, no wonder those big box stores are a little nervous.
